Applicant's election of Group IV and SEQ ID NO: 179 was received. Applicant correctly assumes that all the pending claims, in so far as they are consistent with the elected species and SEQ ID NO, are pending. However, the current case does not comply with Sequence rules. Compliance with Sequence Rules is necessary prior to substantive examination. This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth below.

Specifically, there is no Computer readable form and no statement that the CRF is identical with the paper copy of the sequences. (If any doubt of the identity of the CRF and paper copy exists, it is suggested that a new paper copy be filed with the CRF).

Applicant is given ONE MONTH, or THIRTY DAYS, whichever is longer, from the mailing date of this letter within which to comply with the sequence rules, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the SIX MONTH statutory period. Direct the reply to the undersigned.
